By e-mail to [John.Sours@ocp.ga.gov](mailto:John.Sours@ocp.ga.gov).

The Department of Law shall review all comments, may contact commenters to discuss their suggestions, and will prepare the final Rules after the comment period has closed. The Department will consider the proposed Rules for adoption at a meeting at 11 a.m. on April 29, 2016, at the office of the Consumer Protection Unit of the Department of Law, 2 Martin Luther King, Jr. Dr., Suite 356 East, Atlanta, Georgia 30334-4600. (7) "Independent technical expert" means an expert in motor vehicle mechanics who is certified by the National Institute of Automotive Service Excellence. (8) "Legal holiday" means all days which have been designated as public and legal holidays by the federal government and all other days designated and proclaimed by the Governor of this state as public and legal holidays.

(c) In the case of a motor home, if:

Filing is deemed to have occurred when the consumer has provided the certified mechanism with his or her name and address, the vehicle year, make, model and VIN, and a statement as to the nature of the problem or other complaint;

(b) The certified mechanism shall investigate, gather and organize all information necessary for a fair and expeditious decision. The certified mechanism shall not require any information not reasonably necessary to decide the dispute;

(d) The certified mechanism shall decide the dispute as expeditiously as possible, but at least within forty (40) days of the filing of the dispute;

(e) If the dispute is settled, the terms of the settlement agreement shall be reduced to writing. (g) If the consumer elects to make an oral presentation, the certified mechanism shall inform the parties of the date, time and place for the hearing, and provide an explanation of the hearing process, including both parties' rights to bring witnesses and/or counsel;

(h) Based upon the information gathered by the certified mechanism and evidence presented at an oral hearing, if applicable, the decisionmaker(s) shall:

1. Determine:

(i) Whether the new motor vehicle has a nonconformity, and, if so,

(ii) Whether the manufacturer had a reasonable number of attempts to correct the nonconformity, and, if so,

(iii) Whether the manufacturer was given a final opportunity to repair the nonconformity if required by law, but failed to correct the nonconformity during the final opportunity. Notwithstanding anything contained herein to the contrary, no final attempt to repair is required if a vehicle that was purchased on or after January 1, 2009 was out of service by reason of repair of one or more nonconformities for a cumulative total of thirty (30) days within the lemon law rights period.

2. Upon an affirmative determination of the elements specified in subsection (h)1, award the consumer any remedies appropriate under the circumstances, which may include, but shall not be limited to, the relief provided for under O.C.G.A. § 10-1-784(b).

3. Upon a determination that the consumer failed to demonstrate either the elements specified in subsection (h)1, award the consumer any other remedy appropriate under the circumstances or dismiss the dispute.

(i) The decisionmaker(s) shall prepare a written decision reflecting his or her findings. The decision, copies of which shall be sent to both parties and the Attorney General, shall include the following:

A description of the relief awarded, which shall contain, as appropriate, an itemization of any refund awarded, including, but not limited to, any incidental costs, collateral charges, or reasonable offset for use; or, a description of a replacement vehicle and an itemization of costs or charges; or a description of any other remedy awarded to the consumer;

3. A specific time period, not to exceed thirty (30) days, within which the manufacturer is required to comply with the award;

4. A statement that the decision is binding upon the manufacturer, but not on the consumer;

5. A statement that the consumer has twenty (20) days from the date of receipt of the decision to accept or reject it;

6. A statement that if the decision is accepted, but the manufacturer fails to comply with the terms of the decision, or if the decision is rejected, the consumer may still pursue the remedy of a repurchase or replacement of the vehicle by timely requesting arbitration with the Attorney General. The statement shall explain the time within which the arbitration application is required to be filed; and

7. A statement that the consumer may obtain, at a reasonable cost, copies of all documents held by the certified mechanism relating to the dispute;

(j) The consumer shall have twenty (20) days from his or her receipt of the decision to notify the certified mechanism whether the decision is accepted or rejected. The date on which notice is sent, as shown by a postmark or other receipt, is deemed to be the date of notice to the certified mechanism;

(k) If the consumer accepts an award, the manufacturer shall have up to thirty (30) days from the date it receives notice of the consumer's acceptance to comply, unless a shorter period is specified in the decision;

(l) If the manufacturer has been directed to perform any obligations, either as part of a settlement agreed to or as a result of a decision, the certified mechanism shall ascertain from the consumer within fourteen (14) days of the date for performance whether performance has occurred;

(m) The requirement that a consumer resort to a certified mechanism prior to a request for arbitration with the Attorney General pursuant to O.C.G.A. § 10-1-786(a) shall be satisfied if a decision has not been rendered by the certified mechanism within forty (40) days from the date of the filing of the dispute with the certified mechanism; and

(n) The decision of a certified mechanism shall be binding on the manufacturer, but not the consumer.

A copy of the written procedures shall be provided to the consumer at no cost after the certified mechanism receives notice of the dispute, or to any person upon request, at a reasonable cost.

(2) The decisionmaker(s) may request an inspection of the consumer's motor vehicle. An inspection may be performed by the decisionmaker or an independent technical expert. An inspection, which may include a test drive, examination or diagnosis of the vehicle, shall be conducted at a mutually agreeable time and place. The consumer shall be informed in writing that an inspection is voluntary. The failure of the consumer to provide the motor vehicle for inspection shall not extend the time period in which a certified mechanism has to render a decision.

(3) Each arbitrator shall maintain his or her impartiality throughout the course of the proceedings and in rendering his or her decisions.

AUTHORITY: O.C.G.A. §§ 10-1-786 and 10-1-795

(1) The selection and assignment of an arbitrator or arbitrators is within the discretion of the Attorney General and not subject to the approval of any party.

(2) An arbitrator shall not have any bias or any personal or financial interest in the outcome of any hearing, nor be acquainted with any of parties or participants. An arbitrator shall not have

AUTHORITY: O.C.G.A. §§ 10-1-786, 10-1-789 and 10-1-795

#### **60-2-1-.31 Conduct of the Hearing.**

(1) An oral hearing shall be conducted in a manner designed to encourage a full and complete disclosure of the facts and to afford each party the opportunity to present evidence and make legal arguments. The hearing procedure contemplates that all parties will appear in person. However, a party may participate by telephone, if good cause can be shown why a personal appearance is not feasible or if all parties consent. The party asking to participate by telephone shall have a notary public present during the hearing to identify the person and to administer the oath for oral testimony, and shall bear all costs associated with participation by telephone.

(2) The arbitrator(s) shall conduct the hearing, maintain decorum at all times, and ensure that the hearing proceeds in an equitable, orderly, and expeditious manner. All parties shall comply with the rulings made by the arbitrator(s).

(3) The hearing shall be open to the public as reasonable accommodations permit. The arbitrator(s) may warn, and thereafter exclude, any party, attorney, witness or observer who is disruptive to the orderly conduct of the hearing. The person may be readmitted upon the cessation of the disruptive behavior and upon reassurance by the person that it will not continue. After a warning to the person, the arbitrator(s) may adjourn any hearing which becomes unmanageable due to the disruptive behavior of that person. Such adjournment shall

be considered a dismissal with prejudice if primarily caused by the consumer, and a default without good cause if primarily caused by the manufacturer.

(4) The arbitrator or chairperson, if three (3) arbitrators conduct the hearing, will open the hearing by stating on the record the case number; the place, time and date of the hearing; the identity of the arbitrator(s) and panel staff; and, the names of the parties and their attorneys, if any. The arbitrator or chairperson will ask the parties to identify their witnesses, if any, and will explain the procedures to be followed during the hearing. Oral testimony will be taken upon oath or affirmation.

(5) Each party shall have the right to appear and present evidence, cross-examine witnesses and enter objections, make arguments and exercise all other rights essential to a fair hearing. The formal rules of evidence shall not apply. The parties may introduce any relevant evidence that will assist the arbitrator(s) in making a decision. The arbitrator(s) may exclude irrelevant, immaterial, or unduly repetitious evidence.

(6) The consumer shall present his or her evidence and witnesses. The manufacturer shall present its evidence and witnesses. After the manufacturer completes its presentation, the consumer will be given the opportunity to offer evidence or testimony to refute the manufacturer's assertions. The arbitrator(s) may vary the presentation of evidence if necessary to more fully develop the facts. Each party may question the other after each presentation, and may question each witness after testimony. The arbitrator(s) may restrict any questioning that is outside the scope of the hearing. The arbitrator(s) may question any party or witness at any time.

(7) The arbitrator(s) may receive and consider evidence of a witness not present at the hearing by affidavit and shall give any affidavit such weight as may be deemed appropriate after consideration of any objections made to its submission.

(8) The arbitrator(s) may personally examine or participate in a test drive of the consumer's vehicle. The hearing will be temporarily suspended and the examination or test drive will be conducted off the record. All parties shall be allowed to be present during examination of the vehicle. After the examination and/or test drive, the arbitrator(s) will reconvene the hearing procedure, go back on the record, and describe what was observed during the examination or test drive. Each party or witness who participated in the examination shall be given the opportunity to testify.

(9) Each party shall be allowed to present a closing argument. The arbitrator(s) may request additional evidence at the time of or after the closing of the hearing. All additional evidence shall be submitted to the panel and copies disseminated to all parties.

(10) The arbitrator(s) shall ensure that a mechanical or electronic record of the hearing is maintained.

AUTHORITY: O.C.G.A. §§ 10-1-786 and 10-1-795

**60-2-1-.32 Arbitration Decision.**

(1) The arbitration decision shall be based solely upon matters contained in the official record. Written party submissions made pursuant to this Chapter, oral and written evidence and testimony presented at the hearing, and supplemental information submitted at the request of the arbitrator(s) shall constitute the official record. The decision shall be reached on the basis of a preponderance of the evidence.

(2) The arbitrator may make an oral decision at the hearing, but it shall not be binding until reduced to writing and sent to each party and the Attorney General.

(3) The decision shall be written on a form prescribed by the Attorney General. If three (3) arbitrators hear the case, the decision, if not unanimous, shall be determined by the majority.

(4) If the consumer prevails, the arbitrator(s) may award attorney's fees and technical or expert witness fees, if applicable. A request for attorney's fees shall be based upon an affidavit prepared by the consumer's attorney and provided to the arbitrator(s) by no later than the conclusion of the hearing. The arbitrator(s) shall have the discretion to award all, part or none of the requested fees.

(5) The arbitrator shall prepare the decision. If three (3) arbitrators decide the case, the chairperson shall be responsible for preparing the decision, unless he or she casts a minority vote. In that instance, or in some other unusual circumstance, the panel shall designate one (1) of the other two (2) arbitrators to prepare the decision.

(6) The decision shall be rendered within twenty (20) days of the conclusion of the hearing. Failure to render the decision within the time shall not void any decision ultimately rendered.

(7) The panel shall file the original decision with the Attorney General and send copies of the decision to the parties by statutory overnight delivery or by certified mail, return receipt

requested. Each copy shall indicate the date of entry of the decision pursuant to O.C.G.A § 10-1-786(f).

(8) If any party appeals the decision, or if the consumer initiates a new private action, the parties shall provide the Attorney General with a copy of their initial pleadings in the action. The parties shall provide these filings to the Attorney General contemporaneously with their filing in court.

(9) In the event that legal proceedings are not initiated by any party, the manufacturer, upon compliance with the decision, shall furnish the Attorney General with evidence consisting of either copies of checks payable to the consumer, and lienholder or lessor, for a repurchase, or information regarding the year, make, model and identification number of the replacement motor vehicle for a replacement.

AUTHORITY: O.C.G.A. §§ 10-1-786, 10-1-787(a) and (d), and 10-1-795

#### **60-2-1-.33 Technical Corrections.**

(1) The arbitrator(s), panel or Attorney General may make technical corrections to a decision. Technical corrections are computational corrections, correction of clerical mistakes or typographical errors, or other minor corrections arising from oversight or omission.

(2) A party may submit a written request for technical corrections to the panel. The request shall identify the proposed correction and the basis for the change. The request must be received by the panel within fourteen (14) days from the date of entry of the decision. The requesting party shall copy all parties. The panel will notify the parties whether a correction will be made. A request to correct a decision will not prevent the decision from taking effect or delay the time for compliance or to initiate legal proceedings.

AUTHORITY: O.C.G.A. §§ 10-1-786 and 10-1-795

#### **60-2-1-.34 Miscellaneous Provisions.**

(3) A person acting as an interpreter may assist a consumer in the presentation of a case if the interpreter's assistance is necessary because of a mental or physical handicap, or a language barrier which impacts the consumer's ability to participate effectively.

(4) For purposes of this Chapter, notice to a party shall be sent to the attorney of record, if the party is represented by an attorney. If a party is represented by an attorney and has failed to notify the panel and all other parties of the representation, the party shall immediately provide the name, mailing address, e-mail address and phone number to the panel and all other parties. Failure to provide timely notice may be grounds for a continuance.

(5) For purposes of this Chapter, parties to an arbitration proceeding may utilize electronic transmission (e-mail) for service of required filings upon other parties to the proceeding only if all parties have agreed, in writing, to this method of service.

(6) Upon a finding of extraordinary circumstances, the Attorney General may waive any of the Rules within this Chapter, if the waiver would be in the public interest and serve to carry out the purpose and intent of the Georgia Lemon Law and this Chapter.

(2) In lieu of use of the form prescribed in subsection (1), the Attorney General may approve an alternative form proposed by the manufacturer if it has substantially the same language, content and appearance as the Attorney General's form, including the same or similar font size for words or terms of emphasis, and does not contain words, categories, or spaces to elicit information that might otherwise mislead a prospective transferee, buyer or lessee as to the nature of the nonconformity or the fact of the vehicle's reacquisition.

(3) If a manufacturer submits a proposed alternative form, the Attorney General shall review it and notify the manufacturer in writing whether the proposed alternative form is approved or

If disapproved after reconsideration, the manufacturer shall use the form prescribed in subsection (1).

(4) If the Attorney General determines that the alternative form approved for use by the manufacturer no longer meets the requirements of O.C.G.A. § 10-1-790 or this Chapter, the Attorney General shall inform the manufacturer in writing of the determination and state the reason. The Attorney General shall give the manufacturer a reasonable time, not to exceed ninety (90) days, to bring the form into compliance.
