Human Trafficking 101
WHAT IS CSEC?

- Commercial Sexual Exploitation of Children
- Also called Child Sex Trafficking and Domestic Minor Sex Trafficking (DMST)
- Definition
  - Sexual abuse of a child accompanied by remuneration in cash or in kind to the child or a third person or persons.
WHY DO WE USE THE CSEC TERMINOLOGY?

- In Georgia, children under 16 are too young to consent to sex and children under 18 are too young to enter contracts.
- Regardless of how they act and appear, CSEC youth are kids who cannot be willing participants in a commercial exchange for sex.
- GA law recognizes these youth as victims of child abuse and human trafficking.
• GA’s anti-trafficking law, O.C.G.A. 16-5-46, applies to anyone who buys or sells another person for sex in GA.
• Covers same activity as pimping & pandering statutes
• Interstate or international travel is not required
• A child sex trafficking victim is simply:
  • A child who has received food, drugs, money or shelter in exchange for sex.
CSEC CASES PRESENT UNIQUE CHALLENGES:

- Difficult victims
  - Don’t view themselves as victims
  - Often dependent on pimp and reluctant to testify
  - Don’t trust law enforcement
  - Lots of “baggage” as result of their abuse
- Lack of witnesses
- Physical evidence hard to come by
- Damaging misconceptions about prostituted children that affect judges and juries

  - CSEC victims are commonly viewed as complicit in the crime. Prosecutors need to educate jury, judge and each other about realities of CSEC and dispel CSEC myths.
